

Webinar

The Adult Congenital Heart Association (www.achaheart.org) has given us permission to share the fantastic webinars they've been offering to their members. You can watch the previously shown webinars and also register for the new ones. The "live" webinars air at a certain time and day but can also be watched afterwards. During the live airings you can type in questions to the presenter - either way you'll learn a lot.

Enjoy, and thank you to ACHA!

Upcoming Webinars: [Click here](#) for the full 2014 webinar schedule (subject to change).
